We Revolve Around YOU!

People today are challenged by the need for balance in life, home, work, and hobby. There is no "one-size-fits-all" life, so why have a one-size-fits-all approach to health? With Carrie, you will receive a massage experience that utilizes the science of myomassage and the artistry of massage.

If you need stress reduction, relaxation, have headaches, TMJ, neck & shoulder pain, prenatal, plantar fasciitis, etc., I want to work with you! I take an integrated approach to your health & wellness!

If knowledge is your goal, Carrie can set up one-on-one or group classes to learn more about the benefits of massage, how to massage your partner, infant massage, etc.

"The only thing that could have improved the session is if I would've added another hour! I truly enjoyed it."

- Sandra M.
